01 ABOUT US

Karmko for Constructions & Supplies (KC&S) is a leading Egyptian licensed, bonded and insured company in the construction field, with over 9 years of experience in the market

The company delivers integrated construction solutions, specializing in clay roof tiling, brick supply and installation, as well as wooden and steel structures, using high-quality European materials. Karmko also provides the supply and installation of all types of natural stones.

Karmko Group also includes Karmko Trading and Manufacturing Company, a well-established leader in Egypt since 1952 in the production and supply of wire mesh products. The company is known for its commitment to quality and innovation, utilizing advanced machinery and modern technology to consistently deliver top-tier products

02

02 VISION

To be a leading and trusted name in the construction and manufacturing sectors in Egypt, recognized for quality, innovation and long-standing industry experience

03

03 MISSION

To deliver integrated construction solutions and high-quality wire mesh products that meet our clients' needs, through the use of advanced technology, premium materials, and professional expertise, while ensuring efficiency and reliability in every project

04

—

OUR OBJECTIVES

- To maintain high standards of quality in all our products and services.
- To continuously adopt modern technologies and advanced machinery.
- To expand our presence across various sectors and industries.
- To build long-term partnerships with leading companies and clients.
- To deliver reliable and efficient solutions that meet diverse market needs

05

OUR VALUES

At Karmko, we are dedicated to maintaining high standards of quality and continuous innovation, making us the preferred choice for numerous businesses and institutions across Egypt. We take pride in our long standing history and remain committed to providing the best solutions to meet our clients' needs

06

AREAS OF EXPERTISE

Karmko specializes in a wide range of wire mesh products to meet diverse needs, including:

Fencing Solutions:

Galvanized and plastic-coated woven wire mesh for use in sports fields, gardens, companies, and factories.

Industrial Applications:

Galvanized expanded wire mesh used in walkways, automotive filters, ventilation networks, and various industrial purposes.

Security and Protection:

Barbed wire and razor wire offering enhanced security for sensitive sites, including industrial and security facilities.

Specialized Uses:

Barbed wire for cages and displays, woven wire mesh for screening applications, and artificial grass mesh for decorative purposes
